California is alive with activity in parapsychology, metaphysics and other significant areas of human growth potential. Uni-Com Foundation directly supports this activity by serving as its information hub.

The major service which the Foundation now provides is UNI-COM GUIDE, a **monthly** calendar of spiritual and personal awareness activities scheduled throughout California. This popular publication allows "new age" organizations to announce in advance the dates and contents of their meetings to a large and interested audience of individuals and other organizations. The cost of publishing UNI-COM GUIDE is supported by paid advertising and by modest subscription fees of $3/year, or $5/two years.

In the process of gathering information for UNI-COM GUIDE, the Foundation becomes aware of leaders who are available for service in counseling, speaking, teaching, research, seminars and retreats. Frequently this awareness, discreetly coupled to organization needs for such talent, results in effective new relationships. Uni-Com Foundation does not solicit funds for this and other informal services but is supported by those who see the value of such work and voluntarily wish to become a sustaining part of it.

Uni-Com Foundation is a non-profit and non-denominational corporation which lovingly encourages the achievement of a loving society. Uni-Com also offers two additional services of a mail order book catalogue and a small monthly pamphlet of articles by Metaphysical teachers.

REFLECTIONS is published monthly. Information comes from various new age teachers, plus those on the Uni-Com staff. This bulletin is designed to bring forth teaching material we feel is vital for all new age students.

non-member subscription — $5.00 per year

UNI-COM BOOKS AND SUPPLY CATALOGUE — a mimeographed booklet, listing tapes, books, and supplies available to the general public, and of interest to all students. Available on request.

CASSETTE TAPES — UNI-COM FOUNDATION has initiated a high quality moderate cost tape cassette recording and duplication service operated by Ray Fuess. Tapes of existing lectures are available for $3.00 per tape. Recording service for lectures and seminars is also available. Current list of tapes is available from the Foundation.

FROM THE DIRECTOR

As we progress along the path, we find that we are continuously closing old doors, and opening new ones. Sometimes though, I wonder if we really close the old door all the way. In order for us to make the best of each new door that opens and brings with it all the new experiences, we must let go of the past. We each hold unto that which is familar and comfortable because we are used to having it around, even when it is not for our best good. This year let's make a change and see if we can't open many new doors to spiritual growth, to opportunity, to advancement. And advancement can be along any line that you wish it to be. Your whole attitude toward life is important, and each of us must come to realize that life is what we make it. I have experienced many times the feeling of pure frustration, not knowing where to turn for my next answer, of wanting to walk out on the whole situation; then stopping to realize that no matter where I walked the same situation would meet me around the corner. I stop and try to look at all angles involved, and always seem to find an answer, maybe not the one that I thought it should be, but an answer. If we will but allow the new doors to open, we can expect many wonderful things to happen to us. I have a friend who always uses the expression that there are no such things as problems, only opportunities. And really this is true, although when involved in a problem it is often hard to look at it as an opportunity.

I have a simple technique that I teach in my classes each week of selecting a new item in the universe to become aware of. For example, the first week that you read this try and become aware of the many colors in the trees that you see. See how many you can count. Of course this is hard for people living in the city, but I am sure that you may become aware of more trees than you knew were there. The next week look at the clouds. and see how many different shapes you can see, how many colors you can see in the clouds. At first you may have to stretch the imagination to see the color in the clouds, but you will soon find that there are many. If you take a different object in nature each week, you will soon find that you have seen and observed things that you had forgotten were around you. Things that you see every day, but really don't see. My little technique is merely a method of making you become aware, so that you may learn to open those new doors and walk through into a new beginning and a new understanding of your next step in life. Have fun, and let me know how many colors you find in the trees. .....Patricia...

CHIT-CHAT

Got the travel bug?.....Seems you can join lots of groups going abroad or traveling throughout the states for spiritual growth. The Metaphysical Bookstore in S.F. is just getting ready to leave for Egypt and Cairo.....Dr. Douglas Baker and Rev. Damien Simpson are sponsoring the International Yoga and Esoteric Science Festival in London in Aug.....Sivananda Yoga Center has a trip going to India in March.....Jack Schwarz has a trip scheduled for Sept. to Greece, Egypt, and Italy.....The Phoenix Seminar will have lots of sunshine and spiritual growth for all who attend. Phoenix is beautiful that time of year.....Congrats are in order to Leland Stewart and his staff, the Festival was handled beautifully and the cooperation between groups was what we are all looking for.. Aly Wassil made a wonderful M.C.....Dr. Shafica Karagulla, recieved a standing ovation after her lecture. She tells it like it is.....Be sure and attend one of the Brother Mandus lectures when he is here from England. You'll enjoy him..... Met two very interesting young men from L.I.F.E. group in Oakland..... Many groups in the state are having weekly meetings, but are not of the kind that have titles. Anyone wishing to know about meetings in a particular field, please Contact Patricia at the office, lots of information in the files for additional meetings.....Talk has been around the office that a column may be started in the Guide about listing available counselors, say for a $1.00 a month, interested?... Remind people to get the calendar info in before the 15th. We missed several very interesting lectures last month, because the material came in after we had gone to the printer. If you are very late in getting your copy of the Guide, please notify the office and also the Post office. Mail goes out of the Palo Alto Post office on the 23rd of each month. The staff has checked here and the mail is leaving here so the problem lies in outlying post offices, if we work together maybe the Uni-Com staff can help solve this mess.....Jo Ellen

Uniscope is the only computerized horoscope that describes each house of the zodiac in terms of the planetary influences and how planets interact with each other in that house.

Sun and moon relationships are discussed at great length. Also, the ascending sign based on the exact minute of birth is analyzed.

Only Uniscope gives you a *detailed* 12,000 word character analysis based on exact time, day, year, and place of birth. All for $10.

This is not a vague report based on generalities. 24,000,000 bits of astrological information from an IBM 360-65 tell you what would take days for a professional astrologer to do.

Only Uniscope gives you a 25 page personal biography revealing secrets that your closest friends don't know... or would not dare talk about.

We have spent years researching and testing this program. We now have the world's most comprehensive computerized horoscope. And we're continuing to make it better.

They practiced a common system . . .
and moved the known world!

The secret science of the masters has been re-discovered and offers you self-development far greater than thought possible centuries ago.

JESUS

Jesus of Nazareth probably the world's first nuclear scientist, practiced a secret system. Just what this secret science was has escaped the world's best thinkers for nearly 2,000 years Now it has been rediscovered in its entirety. That this secret science was known to other world teachers has now been proven.

BUDDHA

Guatama Buddha was a prince and lord of ancient India. Yet he wanted something better out of life. His search for the secrets of life is known to all those who have read of his fascinating quest. Today thousands of students apply techniques of meditation and believe they have found the all of Buddhism. This is not so.

VIRACOCHA

Viracocha of Peru walked the Americas teaching the lost arts of self realization. He assumed many different guises and was known under various names. He taught man how to develop his latent potential, how to regenerate himself and live to great ages. With the coming of the Spaniards the secrets of his teachings perished.

Write today for information on this amazing, new discovery.

The science of the living Masters is the most ancient and the most perfect science the world has ever seen. It is the most natural and the easiest to follow, and can be followed by men of all ages. Married life, avocation, caste and creed, social and religious beliefs, poverty or illiteracy, etc., are no bars. It is an inner science of the soul and consists in contacting the soul with the Oversoul, with the help and guidance of the spiritual adept, well versed in the theory and the practice of *Para Vidya* or the Science of the Beyond and capable of granting some first-hand spiritual experience at the very first sitting.

THE ART OF THE COSMOS

A School & A Technique

The Art of The Cosmos, is a beautiful experience of blending colors and images that touch a deep spiritual awakening within each student. Work is done with the hands, no brush or pallet, using techniques that have been developed over many years. When the hand comes in contact with color a very strange and wonderful feeling is in store for the student . . . Classes are usually conducted with a background of music. The student has the opportunity of learning self awareness, creativity and spiritual advancement through these techniques!
Personally conducted classes.
